CONSENT TO TREAT / RELEASE OF INFORMATION
AND ASSIGNMENT OF BENEFITS

CONSENT TO TREAT

The term "healthcare provider(s)" in this document means Hill Vascular & Vein Center, its agents, employees, members of medical staff, their agents and employees, and other health care practitioners who provide care to patients.
I understand that as part of my health care, this organization originates and maintains health records describing my health history, symptoms, examination and test results, diagnoses, treatment, and any plan for care including future treatment. I understand that this information serves as:

1. The basis for planning my treatment and care
2. Information used to file my claim with the insurance company (procedure and diagnosis)
3. A means by which a third-party payer can verify that billed services were actually provided
4. A tool for routine health care operations including assessing quality and reviewing competency of our staff and/or other health care providers.

I understand that I have been provided with the Notice of Privacy Practices that provides more complete information of uses and disclosures. I understand that I have the right to review the notice before signing this consent. I understand that the organization reserves the right to change their notice and practices and, prior to implementation, will mail a copy or post any revised notice to the address I have provided. I understand that I have the right to restrict how my health information may be used or disclosed to carry out payment, treatment, or health care operations and that the organization is not required to agree to the restrictions requested. I understand that I have the right to revoke this consent in writing, except to the extent that the organization has already taken action on my behalf. Permission is hereby granted to all health care providers involved in my care to administer such examination, treatment, testing, and procedures as are deemed necessary in the course of my care.

RELEASE OF INFORMATION

The health care provider involved in my care may release information about me necessary to substantiate insurance claims.

FINANCIAL RESPONSIBILITY/ASSIGNMENT OF BENEFITS

For those health care providers who accept assignment, I hereby authorize any insurance carrier with whom I have a policy to direct to that provider any benefits of any policies of insurance to those health care providers who have rendered services to me and who accept such assignment. I agree to pay all charges that are not paid in full by assigned insurance. If such amounts due to health care providers are not paid after reasonable notice, that account shall be deemed delinquent and a service charge shall be added to the amount due. In the event that I default on payment of account, I agree to be responsible for collection fees and interest due on amounts in default, including court costs and reasonable attorney's fees. If the debt is assigned to a third party for collection, I agree to be responsible for collection fees and interest due on amounts in default.

MEDICARE LIFETIME BENEFICIARY CLAIM AUTHORIZATION AND RELEASE OF INFORMATION

I request that payment of authorized medical benefits be made either to me or on my behalf to *Hill Vascular & Vein Center* for any services furnished me by the physician/supplier. I authorize any holder of medical information about me to release to the Centers for Medicare and Medicaid Services and its agents any information needed to determine benefits or the benefits payable for related services.
I understand my signature requests that payment be made, and I authorize release of medical information necessary to pay the claim. If other health insurance is indicated on Item 9 of the HCFA-1500 claim form or elsewhere on the approved claim form or cases, the physician or supplier agrees to accept the charge determination of the Medicare carrier as the full charge and the patient is responsible only for the deductible, co-insurance, and non-covered services. Co-insurance and deductible are based upon the charge determination of the Medicare carrier.
